

Parks for Pollinators 2022: Chester NH

These are common pollinators that you may see in your region:

Monarch Butterfly
Eastern Tiger Swallowtail Butterfly
Isabella Tiger Moth
Ruby Throated Hummingbird
Eastern Carpenter Bee
Eastern Bumble Bee
Pure Green Sweat Bee
Dark Paper Wasp
Margined Calligrapher
Milkweed Leaf Beetle

And these are the threatened species to look out for:

Frosted Elfin Butterfly
Rusty Patch Bumble Bee
Yellowbanded Bumble Bee

To help pollinators in your region, try planting these native plants:

Wild Bergamot
Gray Goldenrod
New England Aster
Swamp Milkweed
Calico Aster

And did you know, without pollinators we wouldn't have:

Blueberries
Pumpkins
Apples
